Definitions 1

Positions within Flinders Council authorised to allocate, **Authorised Persons**

issue and review corporate credit cards.

Corporate Credit Card Any purchasing card, including credit, debit, EFTPOS and

similar issued by Council, and used for purchasing on behalf

of Council.

2 Objective

- 2.1 To assist in the efficient delivery of local government services by permitting the use of corporate credit cards.
- 2.2 To provide Flinders Council personnel issued with a corporate credit card, clear and concise guidelines outlining corporate credit card use.
- 2.3 To reduce the risk of fraud and misuse of corporate credit cards.

3 Scope

Flinders Council's preferred purchasing methods are purchase orders via account and purchase contracts, however, these are not available in every purchasing situation. Credit cards offer a convenient and highly traceable alternative payment option and can substantially improve purchasing efficiency by reducing administrative costs.

Any transaction method holds the potential for misuse and the convenience and flexibility of credit cards can be a vulnerability. Therefore, sound protocols for use and control must be

established to take advantage of the improved purchasing efficiency while minimising the opportunity for and impact of misuse of funds.

4 **Policy**

It is the policy of Flinders Council that:

- A corporate credit card facility be provided for use by the Mayor and approved Council personnel for the purchasing of approved goods and services when preferred purchasing methods - purchase orders via account and purchase contracts - are unavailable or unsuitable.
- Corporate credit cards may be used for purchasing in the following typical situations: 4.2
 - 4.2.1 Smaller purchase amounts, typically below \$1,000;
 - 4.2.2 Invoices for approved goods or services requiring immediate or out-of-cycle payment, when payment has been authorised;
 - 4.2.3 Where purchase orders:
 - are impossible or unworkable (such as internet purchases of approved goods or services); or
 - would take too long, unreasonably impact operational efficiency or result in missed opportunity - for example, if a purchase order would incur significant and unreasonable additional costs (either to Council or the supplier) relative to the cost of the goods or services being procured;
 - 4.2.4 Where payment by corporate credit card has been formally authorised, such as an approved travel and accommodation request form or in emergency situations; or
 - 4.2.5 For purchases that cannot be made in the office, such as work-related travel expenses generated while travelling, or field work expenses requiring payment in the field.
- 4.3 Council corporate credit cards must not be used for the following types of transactions and purchases:
 - 4.3.1 Cash advances or withdrawals;
 - 4.3.2 Purchases of a private or personal nature;
 - 4.3.3 Fines incurred by the cardholder or any other person;
 - 4.3.4 Alternative online payment methods and e-commerce payment systems or accounts, such as PayPal, Google Pay, Apple Pay, iTunes, or any system that records and stores credit card details: or
 - 4.3.5 Personal online payment systems or accounts.
- 4.4 Two Authorised Persons are required to authorise the allocation of a corporate credit
- 4.5 The following positions within Council are Authorised Persons for the purpose of this policy:
 - 4.5.1 General Manager;
 - 4.5.2 Community Services Coordinator;

- 4.5.3 Corporate Services Coordinator;
- 4.5.4 Development Services Coordinator; and
- 4.5.5 Works and Services Coordinator.
- 4.6 Council is required to authorise the allocation of a corporate credit card to the Mayor and General Manager.
- 4.7 Before a corporate credit card is issued, cardholders must sign the Corporate Credit Cardholder Agreement (attachment 1 to this policy) confirming that they have read and fully understood and will be bound by this policy and associated procedure.

5 Guidelines

5.1 Risk Management

Each active credit card represents a risk of accidental or intentional misuse of public funds and each credit limit is the extent of that risk. To minimise risks associated with credit cards, Council must:

- 5.1.1 Allocate credit cards according to departmental need, and avoid allocating on an ad hoc or individual basis;
- 5.1.2 Only issue cards to organisational roles where the operational benefits of efficient purchasing outweigh the increase in risk;
- 5.1.3 Maintain control on the total number of credit cards issued and their combined purchasing potential (or credit limit) at any one time;
- 5.1.4 Control the credit limit available on each card to an appropriate amount required to facilitate efficient purchasing for each role, considering the alternative payment options available; and
- 5.1.5 Assist cardholders to adhere to the procedures and responsibilities set out by the policy by placing an onus of evidence for each purpose upon the cardholder.

5.2 Breach of Principles

- 5.2.1 Any breaches of this policy by any cardholder, staff or elected member, depending on the nature and extent of the breach, may result in:
 - Counselling and retraining in the policy and requirements;
 - Reimbursement of costs to Council;
 - Cancellation of card;
 - Disciplinary action in accordance with Council's Disciplinary Procedure; or
 - Referral to police or civil proceedings.
- 5.2.2 Breaches or misuse of the Corporate Credit Card Policy or Procedure must be immediately reported to the General Manager.
- 5.2.3 Policy breaches or misuse should also be reported to Council and credit card allocation should be reviewed.
